Dear Shelly Whitman, 7/30/94

I appreciate your letter very much and I thank you for it.

While I do not know if it requires the publisher's permission, if you want to do a Tshirt, fine! Unless you hear otherwise from me, it is OK. I'll ask him if it needs his permission, too. I do not think it does. You have mine and if you do not hear from me further it is OK with him.

Thanks also for the thoughtfulness of the SASE.

Enclosed is a list of our books. When you order, please then tell me that you would like them autographed. At 81 and with a few medical problems I'll not remember by then.

It may interest you to know that in recent years most of the many who write me make it a point of telling me how young they are, many that they had not been born when JFK was assassinated and by and large most say that they were less than 10 years old.

I do hear from older people, too, but most are young.

In the mail with your letter was one from a man in Singapore who will send my books to his father in Australia who is 86.

If you ever have a picture taken of that fine painting, I'll appreciate a copy.

But do not, please, make one just for me.

All of my records will be a permanent public archive at a fine small local college, Hood College. It was originally a woman's college 100 years ago. It is still largely that. And that picture would be in it for others to see in the future.

It may also interest you to know that in the same mail was a letter from a retired FBI agent who said that after reading Case Open he believes that Oswald did not fire a shot.

And to date I've not heard a peep from Posner or his publisher.

Many thanks,

Harold Weisberg
